## Master Halco Collections

### Family of Products

At Master Halco, we offer an unparalleled range of fencing products and solutions available through our Designer, Lifestyle and Performance collections, each with its own unique choice of styles, materials and options—all with the highest standards of quality and value in the fencing industry.

## Industry-Leading Warranties

Not all product warranties are the same, and a warranty is only as good as the company that backs it. The name Master Halco stands for excellence in quality fencing, and we stand behind our products with warranty protection unsurpassed in the industry.

## Local Commitment

Since 1961, Master Halco has grown to become the largest manufacturer and distributor of fencing materials in the world, serving thousands of the best retailers and installers across the United States and Canada.

**At Your Service**  
Master Halco operates from locations across North America with a vast network of distribution centers supported by our delivery fleet.

## Full-Service Resources

We offer a wide range of helpful services, from the engineering expertise of our specifications department to complete Internet resources, including in-depth product information, specifications, expert fencing advice and an online project estimator to plan, price and bid your project.

## The Peace of Mind You Deserve

Your home is much more than just the place where you live. It's your private sanctuary, where life is enjoyed and memories are made. Home is a feeling of peace and contentment, a sense of serenity and security. All the pleasures of home are framed by the fencing that embraces your yard, your house, your life.

Beyond the safety and protection it affords, a fence is an integral component in defining your home and creating comfortable settings in which to relax, entertain and enjoy the best of outdoor living.

## The Perfectly Practical Choice

Our EuroScape 300 Decorative Wire offers all the advantages of conventional wire fencing but with innovative construction and design quality reminiscent of ornamental iron. The result is an elegant fencing solution for residential and light commercial applications that blends exceptional strength and style.
